

5301-1000 SiloDrill, alu, 150 cm, spiral screw Ø 90mm, 400ml

The media touching parts of the product mentioned above are essentially made of AlMgSi0.5 and stainless steel.

According to DIN EN 602 "Aluminium and aluminium alloys - Wrought products - Chemical composition of semi-finished products used for the fabrication of articles for use in contact with foodstuff" wrought aluminium products that come into contact with foodstuff need to be compliant to DIN EN 573-3 "Aluminium and aluminium alloys - Chemical composition and form of wrought products - Part 3: Chemical composition and form of products". AlMgSi0.5 (also called "EN AW - 6060") is compliant with the standard mentioned above.

Parts that are made of stainless steel comply with Regulation (EC) 1935/2004 "Materials and Articles Intended to come into Contact with Food".

The product mentioned above is consequently recognized as safe for use with foodstuffs. Further tests are not carried out by us.

The declaration is based on our current state of knowledge and information provided by our supplier at the time that the document was drawn up. The supplier – Bürkle GmbH in Bad Bellingen/Germany – is certified according to the standard DIN EN ISO 9001 by the DQS (German Society for Quality Assurance) since 1995. The number of certificate is 2284-08.
